

B. & O. RUNS BOOZE SPECIAL; CONTENTS ARE CONFISCATED

Railroad Puts One Over on West Virginians at Point Marion.

NEW LAW IS NOW EFFECTIVE

Hundreds of Packages of Molasses Which Thirsty Mountaineers Had Hoped to Get Into State are Dropped at Point Along the Line.

There was such a big rush from Fairmont, W. Va., to points in Pennsylvania Saturday for liquors that the Baltimore & Ohio ran a "booze special" out of Fairmont to Point Marion. Then the railroad pulled one over on those carrying booze back into West Virginia by taking it all off the train. Although the law prohibiting the carrying of packages labeled as containing liquors does not go into effect until today, the railroad would not permit them to be taken into the state Saturday. All persons who wanted to retain their liquor could get out of the train but if they wished to continue into West Virginia it was necessary to drop the containers at the first station that had an agent. The disposition of the "booze" will be left to the state prohibition commissioner. Hundreds of packages were dropped from the train by those who had hoped to get some of the molasses into the state before the new law went into effect.

In order to carry out the provisions of the injunction served on them by the circuit courts the Chesapeake & Ohio railroad has hired an "excuse" car, where duty it is to watch all trains going into the dry state. The final hearing of motion to dissolve the temporary injunction against the Baltimore & Ohio railroad and Western Maryland railroad will be held Tuesday at Keyser, Md.

STAY IN NEW TRAIN. There have as yet been no indications by the Baltimore & Ohio railroad that the men who were "furloughed" some time ago, will be taken back any time soon. It was thought when the men were furloughed that the "furlough" would last until the end of the year but the food is not pressed for help at present. The men who are working are doing big shifts and have plenty to do but there is no holdup in any department. There have been more shop men laid off than any other although a few have been taken from the shop track. No railroad crews have been furloughed as yet, as the freight business is still heavy.

It is rumored in railroad circles that the Baltimore & Ohio railroad will add a new train between Fairmont and this place. The plan of the company it is said is to make the train from Fairmont reaching here about 6:45 o'clock in the evening daily, an express from Fairmont to Pittsburgh with stops only at Morgantown, Point Marion, Smithfield, Uniontown, Connellsville, McKeesport and Pittsburgh. In this way the running time between Fairmont and Pittsburgh would be cut down about one hour and a chair car and dining car would be included in the equipment instead of the present buffet combination car.

TRUCKS ARE FINISHED. The last work on bridge 49 which has been built across Trump Run in the Connellsville and Ohio yards is finished and tracks will be laid across it as soon as the forms are torn off. Workmen have been connecting the bridge for some time and with it the side of the east yard of the Baltimore & Ohio will be greatly increased. The concrete bridge will be put in as fast as the laborers can excavate.

TRAFFIC TIED UP. Both passenger and freight traffic was tied up for 15 hours on the P. V. & C. branch of the Pennsylvania railroad, when the worst wreck in recent years on the branch occurred about 2 o'clock Saturday afternoon. A double header freight train crashed into the rear end of another freight train on the northward track, injuring one man, destroying three coke cars and upsetting the engine, caboose and seven other cars. At Fairmont, where the wreck occurred, only slight injuries when he was thrown from the caboose but his escape from death was miraculous. He was the only man in the caboose at the time. He was taken to the Monongahela Memorial Hospital. The cause of the wreck has not yet been determined. The freight had stopped just north of Dunora and was standing still when the double header and Brio Oakes wrecking crews were called out.

TO BUILD TWO STATIONS. The Baltimore & Ohio will build two new stations at Fairmont, one to be a passenger station and the other to be a freight station. The former will be built of stone and will be erected over the tracks, steps leading from the station down to the platform in such a manner that passengers will not be obliged to cross the track level to reach any of the trains.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Brand Tea, or as the German folks call it "Hamburg Brand Tea," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieves congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Adv.

Resinol

heals babies' skin troubles

Babies with eczema, teething rash, chafing, and other tormenting skin troubles need Resinol Ointment and Resinol Soap. They soothe and heal the irritated skin, stop all itching, and let the little sufferers sleep. Babies bathed regularly with Resinol Soap seldom have skin eruptions.

The new station will be built on the site of the present station. The freight station will be of brick and two stories high. It will have accommodations for both inbound and outbound freight. Construction will begin in the spring.

TO DIVINE CAR PROFIT. To show that no profits are made on dining car service a railroad has made public the following figures: For the year of 1915, the dining car service cost \$66,325.02 and the revenue from operation of its dining cars was \$63,427.31, or a loss of \$2,897.71 for the year or more than \$1,000 per month. This is always the case, says an official unless there is unusually heavy traffic.

DICKERSON RUN.

DICKERSON RUN, Jan. 3.—Mr. and Mrs. Curtis Harper have returned home, after a very pleasant visit with relatives and friends at West Newton.

Mr. and Mrs. C. J. McCornick of Uniontown, spent yesterday here visiting the latter's parents, Mr. and Mrs. Edward Dunlap.

Miss Gertrude McNear has returned home, after spending a week visiting relatives and friends at McKeesport.

Mr. C. B. Harper and daughter, Miss Elsie, were shopping in Connellsville Saturday.

Charles Carlson, who was injured several weeks ago when his gas engine left the rails, is able to be out again.

DICKERSON RUN, Jan. 3.—Miss Louise Lashin spent Sunday visiting her parents, Mr. and Mrs. Charles Lashin at Connellsville.

Mrs. W. D. Egan returned to her home at Uniontown after spending a day here with relatives and friends.

William Duffy of McKeesport is spending a few days here visiting his cousin, Mrs. James Deady.

Mrs. H. H. Lohm of Dawson is spending a few days with Pittsburgh relatives and friends.

James Hentley, Sr., of Vanderhill, spent Saturday and Sunday visiting his sister, Mrs. Jane Barry at Scottsdale.

Mrs. Wither Shallenberger and son, Harold, were shopping in Pittsburgh Saturday.

The Habit of Taking Cold. With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not too cold, but a temperature of about 99 degrees Fahrenheit. Also sleep with your windows up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable anywhere.—Adv.

Hit or Miss. Some people save money by the hit or miss plan. That is the reason that only one person out of every five in the United States has a savings account. If you are one of the unfortunate four persons who have no savings account, decide at once to abandon the hit or miss plan and adopt a systematic method of saving money. The Citizens National Bank of Connellsville, 105 Pittsburgh street, can help you.

PROPHECY AND PERFORMANCE.

It is the proper thing on the part of the editor to write an obituary of the Old Year, but it is not always necessary for him to make public confession of his failures as an editorial prophet. The Conneltsville Standard seems to think otherwise.

"A year and a half ago the editor of The News Standard, forecasting the effects of the war on this country, predicted five-dollar coke within six months; but he missed it by a year. He miscalculated the paralyzing effects of the war's declaration and the financial disturbance which eventuated. He also predicted an average advance in Greene county coal of \$1,000 in one year, but at that time he did not know of the disaster which has befallen J. V. Thompson. Had Thompson been able to carry his investments along with the present wonderful demand for steel and consequently for coal and coke it can easily be seen that the prediction of \$1,000 in one year for Greene county coal would not be a wild estimate.

Editor O'Donnell says he based his prophecy of \$5 coke on the effects of the European War. That was a more reasonable basis of a prophecy than the promises already made for the Democratic Tariff. The Standard was one of the many guarantors of prosperity from that source. We make no illudious distinction in the case of our contemporary. It was only one of ten that predicted the certain whether it really believed that the Democratic Tariff would enhance the prosperity of the country. We are willing to give it the benefit of the doubt. The experience of its editor and its publishers in the Conneltsville coke region ought to have taught them better.

The prediction of an advance in Greene county coal was not unreasonable had the chief ownership not fallen upon the hands of the Standard. It may be interesting to have reflected in coal values. The industrial conditions seem to be ripe for the early marketing of Greene county coal in large lots such as that held by the Thompson interest, and under more favorable conditions it is easy to see that the value of these coal lands might have followed the trend of the steel and iron markets had not their ownership in the meantime become so disastrously enhanced.

It is worthy of comment, however, that in no event has the Democratic party or its policies been of any assistance in protecting the property of the Conneltsville coke region. The enhancing of the value of Greene county coal lands, Editor O'Donnell has been a confessed poor guesser. His party has been an evidently worse public administrator. If this prophecy of the war was bad, the performance of the other was worse.

CHURCHES AND SALVATION ARMY.
 The Conneltsville churches are dangerously near to a war upon salvation instead of upon sin.

The Sunday denunciations of the Salvation Army were to say the least uncharitable and unbecoming. They smack too much of the brand of strenuous evangelistic endeavor. It is unfortunate that the forces for good cannot work together in unity. But failure to do so is not uncommon. This is filled with examples. This is by no means the first furnished in Conneltsville.

The rank and file of the respectable citizens of the community think there is room for all these agencies for good, and sincerely desire to encourage and support them. It may be interesting to note that the dollar foundation to the Acorn Fund, which it is hoped will grow to mighty ends in order to keep up the good work of the Salvation Army in Conneltsville, was contributed by a Catholic, whose church has not hitherto been suspected of having much sympathy with the Salvation movement.

The Courier hopes the churches and the Salvation Army will bury their hatchet and work together for the good of humanity and the community, and that they will have the cordial support of everybody.

We enter the New Year with the industrial depression of 1914 and 1915 left behind, and we are perfectly willing to add to the affairs that are crowded the war which is credited with making a large share of our present prosperity. The American people prefer to commercialize something, else besides blood and tears.

We enter upon 1916 with the hope of peace abroad and safety and sanity and Republican prosperity at home.

West Virginians cannot carry bones into the Mountain State when it is labeled and they cannot take it in when it is not labeled. The only safe way to enter is to be to run into Pittsburgh and fill one's hide with it, and that seems to be a popular plan. Some people got off at Point Marion. It's sooner and cheaper.

It's the unreasonable weather which causes unhealthy conditions.

FRIDAY, JANUARY 12, 1916.
 Detailed report of the coke trade for the week ending January 12 shows a total of 23,213 tons in the region, of which 22,185 are in blast and 1,028 are in stock.

Shipments for the week aggregated 1,270 cars, consigned as follows: To Pittsburgh, 4,462 cars; to points west, 2,225 cars; to points east, 1,323 cars.

The Courier's Annual Review of the coke trade for 1915 shows a marketed output of 17,856,526 tons, yielding a gross revenue of \$40,440,146, at an average price of \$2.25 per ton, against \$1.75 for the previous year.

F. E. Martell entertains officers and employees of the Citizens National Bank at his home. He is given a two-carat diamond stud and is so surprised that the only utterance he can voice is, "Let's all take a drink."

SHOT IN THE EYE.
 Mount Pleasant Youth Injured by Air Rifle Bullet.

Frederick Abraham, 15 year old son of Mr. and Mrs. Albert J. Abraham of Mount Pleasant, is in the hospital at that place suffering from a painful injury of the eye caused by a bullet from an air rifle.

The boy was playing with several companions when one of them accidentally discharged the rifle. The tiny bullet struck the eye of Frederick Abraham in the eye with considerable force.

January
 By GEORGE FITCH,
 Author of "At Good Old Swack."

January is the first month of the year. For this reason it should not be too impatient with it. The succeeding months will prove steadily, which shows that practice in January to make even a calendar perfect.

January is a favorite month with the amateur gardener. In this month the year is his finest work. At no time of the year is he so happy as he is in January as he sits by the fire during the evenings, growing ten-pound potatoes and onions which have to be cut with a two-man saw. Nursery men become rich in January by accompanying amateur gardeners in their dreams, but no nursery man is fooling enough to come around in July to pay a friendly call.

In Canada, January is greatly beloved because of the "cabin" slides, ice palaces and ice hockey games, which is that climate. The style of January used in the United States south of Minnesota is not stable enough to encourage ice palaces, however. The only ice palaces erected in the United States are those built by ice men. They are made out of ice and last all summer, but they are not popular.

In January the principal amusement is skating, sleighing and attending annual meetings. January is now a more pleasant month than it was when it was first discovered, but it will be still further improved as soon as some method of heating, cooling and venting its air can be devised.

Silberberger-Roadman.

Good Shoes for Your Boys

Made by good shoemakers, with good honest leather through and through.

Made to stand the hard service that only a boy can give them.

It always pays parents to buy good shoes. You're sure of that kind when you buy of

Abe Martin.

HOOVER & LONG'S

The Multiple Salesman

The newspaper is the multiple salesman. Its appeal is universal. Its friendliness with all members of the family unequalled.

It reaches all classes. It appeals to all retailers because it produces a direct demand among people who are possible customers—his friends.

The newspaper advertisement is the message that goes every day to every buyer of every product, everywhere. It wins the interest of the prospective customer, and then it turns that interest into an actual sale by pointing out the counter where the product desired is found. That is direct demand—the straight line drawn between producer and consumer through the retailer's store.

And that is why the retailer—himself a newspaper reader—invariably prefers to sell and to push newspaper advertised products.

Are right here in the advertising columns of this paper. If you are selling has merit. A D Y E R T I S E. J. T. An ad. will sell it for you.

Clearance Sales are Starting with Shoe Bargains

Every Union Supply Company store is today offering Special Shoe Bargains. Owing to the large stocks handled we necessarily accumulate odds and ends, but we don't keep them very long. Our way of disposing of them is to offer them at Special Reduced Prices. That is what we are doing now, and we want to particularly call your attention to the extraordinary bargains in Women's Shoes. Odds and ends—all good styles, all new stock. We have no old stock—never do have. It is a great chance to get desirable shoes for Women, Misses and Children at cut prices—almost half the regular price.

Shoe Bargains for Men and Boys

The cut price shoe attractions extend to the Men's and Boys' lines. We have had many desirable lines this season. There remain a few odds and ends for men. Many of these are Dress Shoes; others are Working Shoes. They are all being closed out at cut prices. There are many nice Dress Shoes also. It is a real Shoe Bargain time, and it is real shoe weather. To prevent sickness, protect the feet; you can do it at a Union Supply Company store and save money.

BIG REVIVAL AT SCOTSDALE IS NOW ON IN FULL SWING

**Fully 2,000 Persons Attend
Opening Service of Evan-
gelist Stevens.**

NO MEETING IS ON TONIGHT

Revivalist declares if every one in
Opening Meeting Would Give a Dol-
lar it Would Not be Necessary to
Pass the Hat; Town's Greatest Need.

Special to The Courier.
SCOTSDALE, Jan. 3.—The taber-
nacle campaign under Evangelist
George T. Stevens and party opened
in a manner to surprise many of the
most hopeful. For the big, rough
frame building in Loucks Park, which
is capable of seating over 2,500 peo-
ple, it is estimated, had well over
2,000 in it for Sunday evening. The
big platform at the north end of the
building had almost the full quota of
100 singers, which is planned for the
choir.

"The best choir I have ever taken
charge of," Wonderful for their first
meeting," said J. A. Wagner, the
chorister, after the meeting was over.
The way they sang through the
hymns, under the leadership of Mr.
Wagner, and the music of the
piano, cornet and flute made the
tabernacle ring. They sang out, no
smothering of voices. Many in the
choir were in the one that Fred Mills
led in the John Davis campaign here
five years ago.

The tabernacle is nice and pleasant,
the place well lighted, the seats more
comfortable than ordinarily encoun-
tered in such places, the heating and
ventilation good. Big stoves do the
work for warming the place. Hung
on the upright posts holding up the
structure were tin pans. After Dr. J.
H. Hunt, pastor of the United Breth-
ren Church, had announced a num-
ber of cottage prayer meetings on
Tuesday morning, the eighteen ushers
under Chief Will S. Anderson took
down the pans and the offering was
received with many a clink and
jingle.

Every one here tonight would
put in a dollar," said the evangelist.
"We would not have to take up any
other collection for local expenses."
The evangelist described how the
world will pay any amount for
circus, a concert, a prize fight, a foot-
ball game, and money and excite-
ment in a political campaign and no
one says anything about it. But any
fraction of the same amount put into
a campaign for the church of Jesus
Christ and there is a loud amount of
complaint of the wastefulness of it
all. From the clink in the tin pans
it was plain that some money at least
in Scottdale will go into this cam-
paign.

The evangelist preached on Scottdale's
greatest need, which he said
was also the greatest need in every
other town, more clean lives, more
humble lives, and more lives filled
and animated with love. He said the
churches and pastors tribute to their
fidelity. He lightened his talk
with apt illustrations, for which he
possessed a genuine gift. The opening
meeting was a good starter. The
ministers on the platform with the
choir were pleased it was so evident.
The audience listened well.

There will be no meetings on Mon-
day nights in the tabernacle. There
will be one each other night of the
week.
On Tuesday night it will be United
Brethren night. All the United
Brethren people will be given special
seats at the front. Everyone else will
be welcome, but it will be a night
when United Brethren people will be
out especially.

On Wednesday evening will be
Methodist night, and on Thursday
evening the Baptist and Christian
churches will get the special reserva-
tions and on Friday the Presbyterian
and United Presbyterians. Other
reservations of a special nature will
be made from time to time.

In the party are Evangelist George
T. Stevens, J. A. Wagner, leader for
the "600" choir, J. A. Jones, the
teacher; H. A. James, the cornetist
and shop worker; J. D. Young, a new
man with the party and a wizard
with the piano; Mrs. Bertha J. Har-
ris, woman's department; Miss Helen
Byrnes, worker in the children and
young women department; Mrs. J.
A. Groves, "mother" of the party;
Miss Harriet, the housekeeper, and
D. A. Good, custodian of the taber-
nacle. Today was spent in getting
acquainted with the town.

TONIGHT'S GAME.
There will be a game of basketball
at Ellsworth auditorium tonight be-
tween a team picked from the regular
Scottdale team and the Juniors, who
will have for their opponents the
Connellsville Collegians. The Col-
legians are mostly college boys home
on their vacation and expect to give
the locals a good tussle. The game
will be called at 8.15 and it is ex-
pected a good many of the fans will
be in attendance.

Bad Tablets.
Those who have breakfast at eight
o'clock or later, lunch at twelve and
have dinner at four are almost certain
to be troubled with indigestion. They
do not allow time for one meal to di-
gest before taking another. Not less
than five hours should elapse between
meals. If you are troubled with in-
digestion correct your habits and take
Chamberlain's Tablets, and you may
reasonably hope for a quick recovery.
These tablets strengthen the stomach
and enable it to perform its functions
naturally. Obtainable everywhere.

Can't Fire Guns When Hands are Stiff With Cold, so Teutons Wear Muffs

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

**If Feverish, Billious, Consti-
pated, Give Fruit Tab-
lets at Once.**

Don't send your fretful, peevish
child. See if (cough is cooled); this
is a sure sign its little stomach, liver
and bowels are clogged with sour
waste.
When listless, pale, feverish, full
of cold, breath bad, throat sore,
doesn't eat, sleep or act naturally, has
stomach-aches, indigestion, diarrhea,
give a teaspoonful of "California
Syrup of Figs," and in a few hours
all the foul waste, the sour bile and
fermenting food passes out of the
bowels and you have a well and play-
ful child again. Children love this
tastiness "Fruit laxative," and moth-
ers can rest easy after giving it, be-
cause it never fails to make their lit-
tle "inside" clean and sweet.
Keep it handy, Mother, a little
given today saves a sick child tomor-
row, but get the genuine. Ask your
druggist for a 50-cent bottle of "Cal-
ifornia Syrup of Figs," which has di-
rections for babies, children of all
ages and for grown-ups plainly on
the bottle. Remember there are
counterfeits here, so surely look
and see that yours is made by the
"California Fig Syrup Company."
Hand-luck with contempt any other
fig syrup—ADV.

OLYMPIC GAMES OFF THIS YEAR OWING TO WAR

Despite This Athletic Program Holds Much of Interest.

SOUTH AMERICA TO THE FORE

Latin-Americans Expected to Enter Teams in the Contests; Scouting Games Will be of Particular Interest to Football and Rowing.

By Associated Press.
NEW YORK, Jan. 3.—While the European war has killed all chances of international sports competitions on the scale of the Olympic Games and the America's Cup Regatta, the coming year will not be without its international and international contests. In fact the indications point to a wider range of sport meetings during 1916 than ever before in the history of amateur competition in the world.

National championship contests are expected to draw attention from all parts of the continent and with the interest of all sections bound up in the play of their respective contestants the death of international sports, planned for 1916, will be partially forgotten. The Pacific coast will send a powerful and well-balanced tennis team to meet a court for several months of tournament play; Stanford University will enter a team in the intercollegiate track and field championships and the winning crew in the far West intercollegiate regatta will row at Poughkeepsie.

An eastern polo team will play in the middle and far west while one or more from these sections will compete in the national championship later in the summer. With the coming of autumn intercollegiate football games will be more frequent than ever, the south, east, middle and far west eleven meeting in numerous gridiron contests. The outlook for international meets is not so promising although there will be some events along these lines. The baseball team of Waseda University of Japan, will tour the country, playing the leading college clubs; several Australian boxers are already planning to invade the states; Christin Matthews, the world's champion skater, is expected to compete against the leading professional speed skaters of America during the winter; an All-Hawaiian polo team will play in the east next spring; several South American rifle teams are planning to enter in the national tournaments and the invasion of the United States by a large track and field team from at least one foreign nation is a possibility.

English war censors work just as carefully with the blue pencil and elsewhere on American sporting matter cabled to Europe, as they do on news of far greater importance. The score of the Harvard-Yale football game held up for more than twelve hours, much to the disappointment of Harvard alumni who had gathered to dine and celebrate the forecasted victory. The score of the recent six-day bicycle race was received with the daily records of the teams eliminated in a point where it was impossible for sporting editors to make head or tail out of what was left. Results of boxing bouts in Australia are made public from one to two days late, so that the sportsman at home has little advantage over his brother in the trenches.

Shorter, training trips and fewer exhibition games are predicted for the coming spring campaign of preparedness.

Wisconsin tennis authorities have decided to stage a state championship tournament open only to players who are residents of that state. The state will be divided into sections and each club asked to hold a tournament to decide the club champion. These stateholders will, in turn, meet in a series of divisional matches and when the lists have been reduced to a winner in each section, such survivors will meet in a round-robin series for the state title. For hunters from other states will have to confine their activities to such exhibition tournaments as offer prizes in keeping with their ideas of their own drawing powers.

No date has yet been fixed for the annual meeting of the Football Rules Committee but it is expected that the conference and the election of officers will be held in New York City early in February. No radical changes are planned in the playing code and the entire work of the committee is likely to be completed in one afternoon and evening session.

COKE STILL HAMPERED

By the Trade Situation in the East; Free Time Allowance Suspended. The trade situation in the east is still seriously hampering the movement of coke, iron and steel. Slight encouragement is found in the ability of the Central Railroad of New Jersey to give somewhat better service to domestic consumers along its lines. The New Haven, however, has declared an embargo on all coke shipments in a zone bounded by Long Island Sound on the south, Boston & Albany railroad on the north, the New York State line on the west, and a line running through New London and Wilmette on the east.

Five different foundry interests in Massachusetts are reported to have been obliged to suspend operations because of the inadequate coke supply. The eastern gateway includes the Hackensack river and the Neversink Bridge routes, against which the embargo is now effective.

Found a Sure Thing. I. B. Wixon, Farmers Mills, N. Y., has used Chamberlain's Tablets for years for disorders of the stomach and liver and says: "Chamberlain's Tablets are the best I have ever used." Opinions are everywhere—Adm.

MEYERSDALE

MEYERSDALE, Jan. 2.—On Thursday evening the members of the Masonic lodge of this place and their wives and lady friends assembled at the hotel rooms of the Methodist Episcopal Church where the annual banquet was served. About 150 were present. A short program was enjoyed.

Miss Ida Estella Pfahler, daughter of Mr. and Mrs. John D. Pfahler of Broadway, and Clarence D. Valerius of Cumberland, Md., were quietly married on Saturday, January 1 at 5 A. M. in the Zion Evangelical Lutheran Church by Rev. D. W. Michael, pastor of the church. Immediately after the ceremony they left on Duquesne for a western trip and on their return will go to Cumberland to reside.

Mr. and Mrs. Joseph Leiby of Philadelphia are spending a few weeks here visiting among friends and relatives. Miss Clara Stacer, who for the last six weeks had been in Rockwood, returned home Friday.

Mrs. Mae Matson of Washington, D. C., is here visiting her parents, Mr. and Mrs. Theodore Matson of Center street.

Miss Sarah Smith of Pittsburg, is visiting at the home of her brother-in-law, and sister, Mr. and Mrs. J. F. Roach.

Mr. and Mrs. J. C. Parsons and two children, who have been visiting at the home of Mrs. Parsons's parents, Mr. and Mrs. George H. Hooking, left yesterday for their home in Dawson.

Miss Annie Stump of Columbus, O., is visiting at the home of her sister, Mrs. Harry L. Bittner.

Mrs. P. A. Rauler has returned from Martinsburg, W. Va., where she visited relatives for a few days.

Miss Emma Cross, who spent part of the holidays with her parents, Mr. and Mrs. Val Dress, left today for Stoyestown.

"The Store With the New Styles First"

An Eighth of a Rug at Less Than a Seventeenth Price

SOUNDS VERY ODD, WE KNOW. And it is odd. But these are odd Rugs—odd in their very nature, odd in their beauty, odd in their quality—and decidedly odd in price. They are salesman's samples of beautiful ROYAL-KA-SHAN RUGS. Each sample constitutes exactly one-eighth of a regular 9x12 Rug. The large Rugs sell for \$60,—so each sample is worth exactly \$7.50. But as a leading feature we offer them for only \$3.50. Used extensively as small Rugs by those who appreciate rare quality and beauty above everything else. Each Rug is 72 inches long, 27 inches wide, and is serged at both ends. The prettiest patterns and daintiest colorings we have seen for many a day. Only 25 in the lot—scarcely enough for thrifty buyers who know what to buy and when and where to buy it.

Corset Comfort and Style Direct You to This Store

The best dressed women of every community are very exacting in their Corset demands. To these we cater, as well as to the women to whom every dollar must return the utmost in value.

At this store the services of a graduate corsetiere do away with the old problem of being correctly fitted. AMERICAN LADY CORSETS embody all recent style innovations and at the same time afford a liberal saving on your yearly corset expenditure. We mention but four numbers from a complete stock.

American Lady Corset Style No. 570, \$3.00

Made of fine grade coutil. Has long hip, and deep elastic gore in back. Fashioned with medium-high bust and nip-in waist line. Six hose supporters.

American Lady Corset Style No. 354, \$2.00

Much wanted wherever shows. Also made of coutil. Has medium long skirt and elastic gore in back. Fashioned with medium-high bust and nip-in waist line. Six hose supporters.

American Lady Corset Style No. 346, \$2.00

An excellent model for stout figures. Made of coutil with graduated stay in front. Designed with medium bust and long hip. Reinforced through front. One of our most popular numbers.

American Lady Corset Style No. 66 \$1.00

Another excellent model for stout figures. Made of coutil and fashioned with medium high bust and long hip. One of the very best Corset values we or you have ever seen for only \$1.00.
